2009 Wedding Video Order Form

Video Packages

*Please initial in the blue areas provided under the services and charges that you wish to apply to your order.

The Basic

One camera for three hours, Digital Editing, Custom DVD package \$700

This package includes three hours of coverage. All footage is then digitally edited using tools like color correction, scene transitions and black and white just to name a few. This package also includes your wedding day soundtrack as background music as well as stylish title credits and custom text. Audio is recorded with a wireless microphone to ensure the highest quality of sound for your video. Everything is captured in a tasteful, unobtrusive style with full attention being given to your wishes. The final product is a professionally customized DVD with chapter menus packaged in a customized DVD case.

The Essential

One camera for six hours, Digital Editing, Custom DVD package \$1400

This package includes six hours of video coverage. All footage is then digitally edited using tools like color correction, scene transitions and black and white just to name a few. This package also includes your wedding day soundtrack as background music as well as stylish title credits and custom text. The entire wedding is captured beginning as early as the pre-ceremony preparations if requested. The entire ceremony is also recorded with a wireless microphone to ensure the highest quality of sound for your video. All of the reception activities you request are also covered which may include toasts, first dance, well wishes from guests, the bouquet toss, dancing and of course "the exit". The entire event is captured in a tasteful, unobtrusive style with full attention being given to your wishes. The final product is a professionally customized DVD with chapter menus packaged in a customized DVD case.

A La Carte

*Any of the following services may be added to the package of your choice.

*Please initial in the blue areas provided under the services and charges that you wish to apply to your order.

Additional Coverage

You can extend the package you selected by up to two hours should you require additional coverage- \$250 per hour

One Hour
Two Hours

Additional Camera

You can add a second camera with an operator to the package you've chosen for the ceremony or reception which includes digital editing. This option ensures that you get the very best coverage of all of the details

Second camera at the ceremony - \$300
Second camera at the reception - \$500

Highlights Montage

You can have a short highlight video created that is set to the song of your choice and added to the main DVD under its own menu tile option. Just think of it as your wedding day music video- \$200

Slideshow

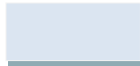

This option allows you to have your wedding day photos arranged into an animated slideshow for easy viewing on your DVD or with the use of a projector.

You can also use this option to have some of your old photos turned into an animated slideshow, perfect for a slideshow projection segment during your rehearsal dinner or reception. This option would also be added to the DVD under its own menu tile. - \$1.50 per image for digital images / \$2.00 per image for printed images / \$1.00 per image for touch-ups.

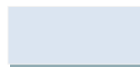

Bridal Portraits

You can have one camera present during your bridal portrait session to capture the event and then have it added to your wedding video. There is no limit on the number of locations and this includes digital editing. Travel fees apply- \$300

Engagement Portraits

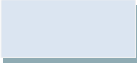

You can have one camera present during your engagement portrait session to capture the event and then have it added to your wedding video. There is no limit on the number of locations and this includes digital editing. Travel fees apply- \$300

"Your Wedding Story"

This option includes coverage of the rehearsal dinner at which interviews with members of the wedding party, family members and friends are captured. Conducting interviews at the rehearsal dinner seems to work best because it allows me to remain completely unobtrusive on your wedding day. I also collect childhood photos from both the bride and groom as well as conducting interviews with the bride and groom separately and together. I then use the interview footage and sound bites with the childhood photos to tell the story behind your relationship, where you're from, how you met and how you fell in love. All of the interviews and the childhood photos are then professionally edited together to tell your wedding story. Finally, this footage is added to your wedding DVD before the ceremony and reception video and it tells your entire wedding story from the day you met up until the moment you become husband and wife- \$800

A Summary of Your Purchase

*Please fill in the red areas provided with the dollar amount of the services that apply to your order.

*Please initial in the blue areas provided under the charges that apply to your order.

Travel Fee

A travel fee is applied anytime we are asked to travel outside of the Charleston, SC area - the "Charleston area" being considered within fifty miles of Charleston. That fee is \$200 inside the state of South Carolina and an additional \$1.00 per mile outside of South Carolina after the \$200 minimum.
